INTERGOVERNMENTAL REVIEW

CLEARINGHOUSE REPORT

May 1-31, 2008

The Regional Council is comprised of 76 elected officials representing 187 cities, six counties, five County Transportation Commissions, and a Tribal Government representative within Southern California.

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **May 01 through May 31, 2008**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation listings.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **June 30, 2008**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address:	Southern California Association of Governments Intergovernmental Review Section 818 West Seventh Street, 12 th Floor Los Angeles, CA 90017-3435

Lead Agency: County of Riverside
City/County/Subregion: County of Riverside/Riverside/Coachella Valley
Contact: Andrew Gonzalez - (951) 955-2137
Comment Due Date: 6/1/2008

Project Description: The project site is located in the unincorporated Mira Loma community at western Riverside County; east of Interstate 15, south of Landon Drive, west of Wineville Avenue, and north of Bellegrave Avenue.

The proposed project proposes the following application types: General Plan Amendment No. 901 proposes to change the project site's existing General Plan Land Use Designation from Community Development: Business Park (BP) to Specific Plan No. 376. Change of Zone No. 7619 proposes to change the project site's existing Zoning Classification from heavy Agriculture - 10 acre minimum lot size (A-1-10) to Specific Plan (SP) for consistency zoning purposes, Specific Plan No. 376 proposes to establish a Specific Plan of land uses on the subject property, with the following proposed land use designations: approximately 33.54 acres of Light Industrial uses, of which approximately 10 percent will be designated for office, 20 percent will be used for fabrication and 70 percent will be used for storage.

Contact: Ken Lyons - (760) 323-8245
Comment Due Date: 5/23/2008

Project Description: The proposed project is an application by Clean Energy Inc., to expand the existing compressed natural gas (CNG) fueling station at the subject site. The proposed project would:

- Double the number of two-sided fueling islands from one to two;
- Increase the storage tank and pumping capacity;
- Enhance the appearance of the site by enclosing the tanks and pumping equipment behind a new masonry wall, and
- Apply a new asphalt top coat on the driving surfaces of the site.
- Enhance the landscape at the perimeter of the site
- Install a shade canopy at the fueling islands.

The proposed project is located at 250-A El Cielo Road; at Palm Springs International Airport; southwest of the main terminal building.

City/County/Subregion: Fullerton/Orange/Orange County
Contact: Ernest Glover - (714) 234-1122
Comment Due Date: 6/13/2008

Project Description: The Project will adopt and implement an amendment to a redevelopment plan in the City of Fullerton. The Amendment Area consists of approximately 1,165 acres and is the focus of this environmental assessment. The Fullerton Redevelopment Agency has proposed the Project for the purpose of alleviating blight and promoting reinvestment in the Amendment Area. Although no development or construction is proposed at this time, implementation of the Project is expected to facilitate infrastructure improvement and rehabilitation activities consistent with the adopted City of Fullerton General Plan.

The Project is located in the City of Fullerton, County of Orange. The Project will add approximately 1,165 (the "Amendment Area") to the existing Merged Fullerton Redevelopment Project Area.

Lead Agency: City of Downey
City/County/Subregion: Downey/Los Angeles/Gateway Cities
Contact: Mark Sellheim - (562) 904-7154
Comment Due Date: 6/2/2008

Project Description:

The proposed Project is intended to promote development of a mixed-use, urban infill, comprehensively-designed and coordinated development that implements state-of-the-art planning concepts and principles on the presently underutilized proposed Project site. The Project will promote the creation and restoration of diverse, walkable, compact, vibrant, mixed-use communities composed of the same program components as conventional development, but assembled in a more integrated fashion, in the form of complete communities.

Development of the proposed Project would involve demolition of on-site structures and the construction of up to 3,950,000 square feet of residential, commercial, and office uses, including up to 675,000 square feet of commercial/office use; 1,200,000 square feet of commercial/retail use; 375,000 square feet of hotel use; and 1,700,000 square feet (approximately 1,500 units) of residential use, including live-work units, for-sale units, and for-rent units.

The proposed Project is located at 12214 Lakewood Boulevard in the City of Downey. The Project site is an approximately 79 acre site generally bounded to the north by the Downey Landing Retail Center, an outdoor shopping complex, to the east by Bellflower Boulevard, to the south by the city park learning center, and the Kaiser Permanente Hospital and Medical Center; and to the west by Lakewood Boulevard.

Project Description: The Planning Commission will consider Specific Plan Amendment 08-001 to make several changes to the Whittier Boulevard Specific Plan (WBSP) Shopping Cluster District provisions that address development standards and design guidelines. These proposed amendments include modifying the language of the existing provisions, deletion of certain provisions, and the addition of a new provision.

The project site consists of the Shopping Cluster District of the WBSP. The Shopping Cluster is comprised of two sub-areas. The first-sub-area, Shopping Cluster I, is directly east of the five Points intersection, extending southward to Laurel Avenue, at the southern edge of the quad Shopping Center along Whittier Boulevard in the City of Whittier.

Project Description: The Environmental Health and Safety Expansion project would provide a long-term consolidated facility for all EH&S functions including administration, safety, training and hazardous materials assessment, mitigation, and storage. The new facility would enhance and facilitate the critical services EH&S provides to the research, training, and administration community at UCR. In addition, the building would be designed as a model of environmental sustainability.

The proposed EH&S project would provide approximately 17,965 Assignable Square Feet (ASF) and 30,089 Gross Square Feet (GSF) and would be a one-story building.

The project site is located on the campus of University of California, Riverside (UCR) in the City of Riverside; refer to Exhibit 1 (Regional Location Map). The City of Riverside is located in western Riverside County, approximately 20 miles east of Los Angeles. Regional access to the Riverside campus is provided via Interstate 215 (I-215)/State Route 60 (SR 60), which bisect the campus in a north-east orientation.

Project Description: The site is a total of approximately 59,300 square feet that currently is developed with a two-story building approximately 32,200 square feet in size. The project proposes a total of approximately 42,200 square feet of facilities (without the 7,153 square feet of West Wing facilities). Approximately 17,122 of the project's total square footage will be new construction. The project implements the building-out of the campus substantially as authorized by the governing Conditional Use Permit issued in 1999, while requesting amendments to specific permit conditions. The project also proposes a reduction of the existing site by eliminating approximately 7,153 square feet on the second and third floors of the project site known as the "West Wing." The West Wing will be the subject of separate applications filed by the Simon Wiesenthal Center.

The project location is 9760 West Pico Boulevard in the City of Los Angeles.

Project Description: The 531.3-gross acre project site is located in the northern section of the City of Fontana. The project site is bounded by Citrus Avenue on the west, Sierra Avenue on the east, a dirt road (located approximately 1/2 miles north of Duncan Canyon Road and proposed as Grapeland Street) on the north, the SCE and SCG easements on the northwest and the Metropolitan Water District (MWD) right-of-way (which is proposed as the future alignment of Casa Grande Avenue) on the south.

The project includes a General Plan Amendment which changes approximately 299.7 gross acres of land currently designated as Residential Planned Community (R-PC) to Multi-Family Residential (R-MF) and approximately 231.6 gross acres of land currently designated as Regional Mixed Use (RMU) to Multi-Family Residential (R-MF). The General Plan Amendment will also change the text in Chapter 3 of the Land Use Element to allow detached residential single-family lots of 3,000 square feet within a Specific Plan.

The Arboretum Specific Plan proposes the development of the project site with as many as 3,526 residential units, an 8.8-acre Commercial Activity Center, a regional arboretum, scattered parks, an elementary school, and a combined elementary-middle school. Future development would occur within four residential villages, and

would include 592 single-family detached units, 986 cluster homes, and high density detached units, 906 high density attached townhomes, and 1,042 attached condominium units. The Commercial Activity Center would be developed with approximately 95,832 square feet of commercial retail and office uses.
